

## Market Cues

Indian markets are likely to open positive tracking the SGX Nifty and Asian markets.

The U.S. stock markets rose sharply on Tuesday as solid quarterly reports from several large-cap companies rolled through.

The majority of the European markets ended Tuesday's session with modest gains, following yesterday's strong rally. The markets surged Monday after Emmanuel Macron's victory in the first round of the French presidential election on Sunday.

Indian Markets followed global markets higher on Tuesday, with the Nifty index closing above 9,300-mark for the first time ever, as Reliance Industries' Q4 profit beat estimates and the rupee rose against the dollar on improved risk appetite following Emmanuel Macron's victory in the first round of the French presidential election.
