### Govt confident on fiscal deficit target

Govt officials and economists sound confident that the Modi gov't will be able to meet its challenging fiscal deficit target for the year. This is in spite of it having reached 83.9 % of the full-year target limit at the end of the first 6months of the FY. Such an end-Sept level is the highest in nearly 2 decades of a FY, attributed to elevated capital spending and higher salary outgo. On the revenue side, lower realisations from disinvestment and other streams hurt the exchequer. (BS)

### Small blocks keep investors from mine bids

With the private sector shying away from investing in mining, experts say it is not just regulatory bottlenecks but also the smaller deposits on offer that are keeping them away. The central gov't is anticipating revenue of Rs 59,639 crore from recently concluded auctions of mineral blocks in Jharkhand, Odisha, Rajasthan, Chhattisgarh, AP, MP and Karnataka. This revenue includes royalty and funds for the district mineral foundations and the National Mineral Exploration Trust. (BS)
