## Market Review 7.3.17

**Nifty (8863)** we said 'technically now 8969 is a stiff resistance to work with' the Nifty right on 8868 like a dot...technically now 8930 is crucial support to work with and upside is still on and would be leave banks and PSU banks in particular...

The crucial support for the Nifty is at 8930-8850 and the resistance is at 8969-9000-9120
