## Market Review 7.7.17

**Nifty (9675)** we said 'technically now 9676 remains the target as long as 9600 holds' the Nifty traded in the green and has closed right on our logical target like a dot...technically the trend is still intact up and strong support exists at 9600...resistance at 9720 and sideways movement not ruled out

The crucial support for the Nifty is at 9600 and the resistance is at 9720
