## Market Review 8.5.17

**Nifty (9285)** we said 'technically now 9414 is the logical target and crucial support to watch would be 9270' the Nifty opened in the green but sold off to find support at our support and close above it...technically now some more slide to 9225 is not ruled out if it breaches the 9270 mark...

The crucial support for the Nifty is at 9270-9230-9185 and the resistance is at 9375-9414
