Market Review 12.4.17

Nifty (9237) we said 'technically now 9230 is stiff resistance and 9120 is still a possibility' the Nifty opened with a bull trapping the shorts and closing just above our resistance...technically now 9170 is a strong support and there is a good chance that all time high of 9274 could be challenged...

The crucial support for the Nifty is at 9170 and the resistance is at 9274-9414
