Market Review 13.11.17

Nifty (10309) we said, 'technically 10380-400 is still a stiff resistance to deal with and down side to 10240 to 10184 is still a possibility' The Nifty traded weak but closed flat towards the close...technically nothing has changed, and analysis remains the same...

The crucial support for the Nifty is at 10240-10184 and the resistance is at 10380-10400
