Market Review 17.5.17

Nifty (9512) we said 'the trend is still intact up as long as 9400 holds and I expect a large range day ahead either way' the Nifty unfolded as expected with large range day and closed in the green...technically now 9633 would be the next logical target as long as 9400 holds...

The crucial support for the Nifty is at 9400 and the resistance is at 9633
