Market Review 18.7.17

Nifty (9916) we said, technically the trend is still intact up and the next logical technical target beyond 9916 is 9969 as long as 9850 holds' the Nifty opened with a bull gap and stayed up to close right on our resistance at 9916 like a dot...technically the trend is still intact up and has not been compromised and the next logical technical target in the days to come is 9969 as long as 9850 holds...

The crucial support for the Nifty is at 9850 and the resistance is at 9969
