Market Review 21.4.17

Nifty (9136) we said 'technically now 9135-9185 are stiff resistance zones and downside 9050-9000 is still a possibility' the Nifty opened with a bull gap and climbed to close right on our resistance...technically there is a good chance that we could see an up move to around 9225 as long as 9100 holds...

The crucial support for the Nifty is at 9100-9050 and the resistance is at 9185-9200-9225
