Market Review 21.7.17

Nifty (9873) we said, technically the trend is still intact up and the logical technical target of 9969 still is valid as long as 9792 holds' the Nifty opened with a bull gap and traded down to close in the red but still above our crucial support of 9792...technically the trend is still intact as long as 9792 holds...

The crucial support for the Nifty is at 9792-9720 and the resistance is at 9916-9969
