## Market Review 24.7.17

**Nifty (9915)** we said, technically the trend is still intact as long as 9792 holds. The crucial support for the Nifty is at 9792-9720 and the resistance is at 9916-9969' the Nifty opened in the green and traded down to close back in the green right on our resistance like a dot...technically like I said the trend is still intact up as long as 9792 holds and the next logical technical target is 9969....

The crucial support for the Nifty is at 9792-9720 and the resistance is at 9969....
