## Market Review 24.8.17

**Nifty (9853)** we said, I would maintain that 9685 is under threat and only a move above 9860 would negate the down move' the Nifty opened in the green and did not yield to climb up to see high right on our resistance to close in the green...technically now 9785 is a crucial support and 9911 is a possibility...

The crucial support for the Nifty is at 9785 and the resistance is at 9911
