Market Review 25.4.17

Nifty (9218) we said 'technically 9075 is crucial support to work and if it breaks then a slide to around 9000 is a possibility...resistance 9185-9225 zones' the Nifty opened with a bull gap and climbed up higher to stop at our resistance of 9225 like a dot and closed in the green...technically now 9150 is a crucial support and the all time high of 9274 is under threat...

The crucial support for the Nifty is at 9150 and the resistance is at 9225-9274
