## Market Review 27.9.17

**Nifty (9872)** we said, technically the there is more downside possible and if it slides down then the next logical technical target is 9727...stiff resistance 9952' the Nifty opened and traded volatile to close flat for the day...analysis remains the same...

The crucial support for the Nifty is at 9727 and the resistance is at 9952
