## Market Review 29.5.17

**Nifty (9595)** we said 'technically now 9430 is a strong support and the uptrend continues to around 9600 zones' the Nifty unfolded as expected and has closed in the green right on our target of 9600... technically the trend is still intact up and the next logical target in the days to come is 9634 and beyond that to 9713... crucial support 9520...

The crucial support for the Nifty is at 9520 and the resistance is at 9634-9713
