Market Review 30.3.17

Nifty (9144) we said 'now 9130-9150 is a possibility but I would be a bit cautious' the Nifty opened a bull gap and saw the high at our resistance like a dot and has closed in the green....technically the Nifty still looks up and 9200 is a possibility

The crucial support for the Nifty is at 9050-9000 and the resistance is at 9150-9200
