## Market Review 30.6.17

**Nifty (9504)** we said 'there is a good chance that the Nifty could see positive move on the last day of the F&O expiry' the Nifty traded in the green as expected and also in the green...technically I would say that we have breeched 9560 and that is a stiff resistance to deal with and downside to 9439 is also a possibility...

The crucial support for the Nifty is at 9439-9400 and the resistance is at 9560-9591
