Market Review 11.4.17

Nifty (9181) we said 'technically now 9250 is stiff resistance and a slide to 9120 is possible' the Nifty opened in the green and trade soft to close marginally in the red...technically now 9230 is stiff resistance and 9120 is still a possibility...

The crucial support for the Nifty is at 9120 and the resistance is at 9230-9250
