Market Review 11.1.19

Nifty (10821) we said 'technically the trend is still intact up and a target of 10910 is a possibility as long as 10775 holds' the Nifty traded volatile during the day due to the Weekly Bank Expiry and has closed mildly in the red...technically the trend still looks intact but sluggishness is not ruled out...crucial support 10740...

Nifty Bank (27528) we said 'technically now 27970 would be the next logical target as long as 27500 holds' the Nifty Bank unfolded volatile on the weekly expiry day and has closed in the red and has managed to stay above 27500...technically some sluggishness not ruled out...crucial support 27390...
