US stocks slumped on Thursday as investors dumped shares of companies in growth and cyclical sectors, with energy and technology leading declines, on fears that the escalating US-China trade war would stymie global economic growth. The Dow Jones Industrial Average fell 286.14 points, or 1.11%, to 25,490.47, the S&P 500 lost 34.03 points, or 1.19%, to 2,822.24 and the Nasdaq Composite dropped 122.56 points, or 1.58%, to 7,628.28.

The Indian stock market hit record highs on Thursday before reversing direction to end lower as investors booked intraday profits after recent strong gains on expectations that Modi will win a second term as prime minister. The benchmark BSE Sensex and Nifty hit the historic levels of 40,000 and 12,000, respectively, for the first time ever after trends showed the BJP was way ahead of the halfway mark of 272 on its own in the 543-member Lok Sabha. However, with traders booking profits at higher levels, the 30-share BSE Sensex eventually ended the session down 298.82 points or 0.76 percent at 38,811.39. The broader Nifty index ended down 80.85 points or 0.69 percent at 11,657.05, giving up all early gains. Bajaj Finserv, Hindalco, ITC, Eicher Motor and Vedanta fell 3-6 percent in the Nifty pack, while Cipla, Grasim, IndusInd Bank, Zee Entertainment Enterprises and Adani Ports climbed 2-6 percent. On Thursday's trading session, FIIs bought net Rs 1352.2 cr in cash market whereas, DII sold net Rs 593.54 cr in cash segment.
