## Indian Equity Market Performance:

Indian equity markets rallied on Monday, with benchmark indexes Sensex and Nifty posting their best intraday session since June 5 last year, as easing geopolitical and trade tensions helped increase investors' appetite for risk.

## Sectoral Front Performance:

On the sectoral front, All the sectoral indices ended in the green with metal, realty, power, IT, energy up 4-6%

## Technical Analysis:

The index comfortably breached its short-term moving averages, further aligning with the positive direction of its medium-term EMAs. Momentum indicators reinforced the bullish sentiment. The RSI rebounded above the critical 60 level suggesting strengthening buying interest. Additionally, the MACD flashed a bullish crossover, supported by an improving histogram. Hence the sharp climb in the Nifty confirms the resumption of an uptrend after a three-week consolidation phase. With the index now trading above the previous swing high of 24,857, technical projections place the next upside target near the 25,200 mark. Meanwhile, the 24,400 to 24,600 zone is expected to act as a strong support area in the event of any pullback.

## Option Activity:

On the option front, maximum Put OI is at 24000 followed by 24500 strike, while maximum Call OI is at 25500 followed by 25000 strike. Call writing was seen at 25500 strike, followed by 25700 strike while Put writing was seen at 24500 strike, followed by 24600 strike.

United States-China trade truce, following negotiations over the weekend in Geneva, could erode the tariff advantage Indian exporters enjoyed after Washington slapped steep import duties on Chinese goods in April.

With trade talks with the US and the EU in motion, medical technology lobby groups are seeking the formation of a joint government-industry FTA advocacy body to suggest steps to tackle non-tariff barriers (NTBs) across all future trade talks, including with the EU and the United States.

Capex of small private airports is expected to rise 50-60 % on an average over the next three years on the back of capacity expansion on account of substantial increase in terminal utilisation levels, ratings agency Crisil said.

Indian consumer inflation likely eased to a near six-year low in April after a further moderation of food price rises, keeping it below the Reserve Bank of India's 4% medium-term target for a third straight month.

India and the European Union chief negotiators will begin the next round of talks on the proposed FTA agreements, with an aim to conclude the first phase of the pact as early as possible, according to an official.

Uttar Pradesh is set to boost farmers' income with a new Kharif strategy, aiming for a 12% increase in foodgrain and oilseed production, targeting 293 lakh tonnes. The initiative focuses on improved crop planning, promoting maize & paddy and constructing 8,500 farm ponds for water conservation.

India has exported 4.24 lakh tonnes of sugar up to April in the current marketing year, with Somalia being the top importer at 92,758 tonnes.

India has proposed retaliatory duties on 29 American products, including apples and almonds, in response to US tariffs on steel and aluminium. New Delhi communicated to the WTO that these US measures impact \$7.6 billion of Indian imports, resulting in \$1.91 billion in duty collections.

J.P. Morgan's report shows India's PMI is the highest among developed and emerging markets for the month of April. Manufacturing PMI is at 58.2 and services PMI is at 58.7. China's PMI is lower than India's, with U.S. and Eurozone show mixed economic signals.

This report is strictly not for public distribution or use by any individual or entity in jurisdictions where such distribution, publication, availability, or utilization would contravene the law, regulation, or be subject to registration or licensing requirements.

Recipients of this report will not be treated as customers merely by virtue of receiving it. The content is derived from information obtained from public sources deemed reliable, but we do not guarantee its accuracy or completeness. All estimates, expressions of opinion, and other subjective judgments contained herein are as of the date of this document and are subject to change without notice.

Recipients should conduct their own investigations and due diligence. ASBL disclaims any responsibility for any loss or damage that may result from inadvertent errors in the information contained in this report. Past performance should not be relied upon as a guide for future performance; future returns are not guaranteed, and the possibility of loss of capital exists.
